

Some software supports for personal SSDs will be terminated due to the end of the support period for personal SSDs

January 25, 2024
Kioxia Corporation

To: Valued Customers,

We at KIOXIA Corporation are informing you that due to the end of the support period for personal SSDs, some software supports will be terminated after April 25, 2024 as listed below.

SSD Utility management software

CLOUT

Acronis® True Image™ HD Cloning Software.

SSD products that will no longer be supported by SSD Utility

SSD product name	Picture
RC100	 A Toshiba RC100 SSD, a 2.5-inch SATA drive with a blue and black PCB. The Toshiba logo and 'RC100' are visible on the top surface.
RD400/400A	 Two OCZ RD400/400A SSDs. The top one is a 2.5-inch SATA drive with a blue PCB, featuring the OCZ logo and 'RD400' text. The bottom one is a 3.5-inch SATA drive with a black PCB, also featuring the OCZ logo and 'RD400' text.

TR150

Trion 100/150

Vector 150/180

	 The image shows the top surface of an OCZ Vector 180 Solid State Drive. It features a black background with a stylized logo consisting of three parallel diagonal lines in white and light blue. The OCZ logo is positioned to the right of the lines. Below the logo, the text "VECTOR 180" is written in a larger font, followed by "SOLID STATE DRIVE" in a smaller font.
VT180	 The image shows the top surface of an OCZ VT180 Solid State Drive. It features a black background with a stylized logo consisting of three parallel diagonal lines in white and light blue. The OCZ logo is positioned to the right of the lines. Below the logo, the text "SOLID STATE DRIVE" is written in a smaller font. At the bottom of the drive, the text "TOSHIBA" is written on the left and "OCZ VT180" is written on the right.
VX500	 The image shows the top surface of an OCZ VX500 Solid State Drive. It features a silver-colored metal casing with a perforated texture. A blue label is affixed to the center of the drive. The label features a stylized logo consisting of three parallel diagonal lines in white and light blue. The OCZ logo is positioned to the right of the lines. Below the logo, the text "SOLID STATE DRIVE" is written in a smaller font. At the bottom of the label, the text "TOSHIBA" is written on the left and "OCZ VX500" is written on the right.

RD400/400A	 The image shows two OCZ RD400/400A SSDs. The top one is a mSATA version, which is a small, thin drive with a blue and black PCB. It features the OCZ logo, 'SOLID STATE DRIVE', and 'TOSHIBA OCZ RD400' branding. The bottom one is a SATA 3.5-inch version, which is a larger drive with a black PCB and a SATA connector. It also features the OCZ logo and 'SOLID STATE DRIVE' branding.
TL100	 The image shows an OCZ TL100 SSD. It is a 2.5-inch drive with a white and blue design. The OCZ logo is prominently displayed in the center, with 'SOLID STATE DRIVE' written below it. At the bottom, the words 'TOSHIBA' and 'OCZ TL100' are visible.
Trion 100/150	 The image shows two OCZ Trion 100/150 SSDs. The top one is a 2.5-inch drive with a grey and blue design. It features the OCZ logo and 'TRION 100 SOLID STATE DRIVE' branding. The bottom one is a 3.5-inch drive with a white and blue design. It features the OCZ logo and 'TRION 150' branding.
